EDUCATION

Master of Art in Animation & VFX
Academy of Art University, San Francisco

B.Tech (Hons), Computer Sc Engineering
India

PROFILE

An executive who builds other people's boldest ideas into working realities. A physician's four decades of clinical judgment into an AI platform, a publisher's manuscripts into nationally awarded covers, a youth summit's mission into a nine-platform movement run by students. Engineer by training, artist by education, operator by fifteen years of practice: three ventures founded and run on consistency, discipline, and commercial judgment. Every build is measured: on outcomes, on audiences, and on money. Now seeking a bigger canvas: leadership in an organization with the scale to explore what the AI era makes possible, and the seriousness to ship it.

EXPERIENCE

CAHN STUDIOS, Seattle, WA — 2024 – Present

Co-Founder & CEO

Bootstrapped AI studio, revenue-positive from year one, built on a fully recurring client base.

AI Implementation & Product

- Architected an AI preventive-health platform end to end, covering use case, system architecture, UI, and clinical guardrails, for a renowned integrative-medicine physician; converted 100+ early adopters through a launch webinar (101 registrations, 53% live attendance).
- Built and launched Feedo, a video-feedback SaaS, in one month using AI; ran it live for six months with 50 active users, validated through 200+ art-editor interviews.
- Delivered an AI batch image-resizing engine for Sirona Hygiene at 99% accuracy, ahead of comparable market tools; studio retains the IP.
- Build and operate client websites with Claude Code.

AI Film & Content

- Producing two AI films for the global festival circuit; one submitted, the second entering by August 2026; created AI avatars and 35 AI visuals for the Femina event's AI showcase booth.
- Authoring 10 illustrated eBooks for Gurukul Seattle (3 delivered); publish *Cahn's AI Canvas*, an AI-and-creativity newsletter with 800+ readers in year one.

Growth & Marketing

- Grew a physician practice's audience organically in eight months: 393% YouTube view growth year over year, six-figure Instagram view counts with 87% non-follower reach, and a monetized Substack at 100% subscriber retention.
- Growth partner to Seattle organizations: the Ayurvedic Sciences clinic, Ayush Herbs, Tasveer, and YOU Summit, where as founding Creative & Design Partner I authored the 107-day, nine-platform strategy and brand system and trained the student team now running all live channels for the 1,500-attendee UW conference.

KING CHA, India — 2022 – Present

Founder & Design Director

- Built an artisanal D2C/B2B consumer brand from zero to sustained annual sales, growing audience engagement 85% through design-led branding and AI-assisted campaigns; pursuing FDI approval for international expansion.

ARTEQ STUDIOS, Gurgaon, India — 2019 – 2024

Co-Founder & Chief Art Director

- Scaled an award-winning design studio through five consecutive years of revenue growth: 500+ illustrations and animations for 50+ national and global brands across 12+ countries, delivering 90% ROI growth and 80%+ client retention.
- Led and mentored a team of eight, lifting productivity 40%; introduced AI into design workflows, raising project efficiency 35%; delivered two nationally awarded book covers.

EARLY CAREER, India — 2008 – 2019

Animator, Illustrator & Designer

Brainpan Studios · Design and Illustration · Animation Abode · Regalix. Deep craft in motion, illustration, and narrative design; directed 15+ non-profit projects, including a Save the Children comic series reaching 1,000+ children.
